Welcome to Wirksworth Festival 2022

Welcome to the Wirksworth Festival 2022! After two difficult years we are so excited to be back, with a wonderful 10 days of Art in all its forms. On behalf of the trustees can I say a massive thank you to the people of Wirksworth for sticking with us through the past two years, for encouraging us to keep on going and for opening their homes to visitors again this year.

We have a feast of potters, painters, jewellers and other artists in our Art Trail, in over 60 homes and public

spaces. Plus pop up theatre, food stalls and much more. Followed by a week of performance, and events put on by our many partners. And we are so pleased to welcome back our Artist in Residence from 2021, Liane Lang with a major exhibition, and a little taste of the work of our 2022 Resident Artist, Jemma Gunning.

We look forward to seeing you in September

Touch Stone

by Liane Lang

Festival Artist in Residence 2021

10th to 18th September

14:00 - 16:00 at the Maltings,
St Mary's Gate, DE4 4DQ

*Extended opening 10:00-17:00 on
10th & 11th September.*

Liane Lang's exhibition takes place across two historic Wirksworth venues, The Maltings and the Moot Hall. At the Maltings the installation Touch Stone includes work made during and after the artist's time living on top of Bolehill as part of her residency. The show gathers together found objects, natural and

man made materials and images of ancient stone circles, fragmented headstones and recent industrial ruins. The display has an element of archaeology, a fragmented story, as yet unfinished and full of ambiguities. Lang is exploring ecology, industry and climate change through the lens of deep time, imagining our greatest structures overgrown, from monuments and memories to a thin layer in the fossil record.

The exhibition includes work made during and after Liane's residency at the Wirksworth Festival. Collaborators: Performance artist Carali Mc Call will

be appearing live with *Performing Rock* on Sunday 11th at 14.00 in the Maltings as part of the exhibition.

Included in the exhibition is *Aggregate*, a video collaboration with sound artist Phillip Benjamin Schlotter, commissioned by the Chur Festival of Jazz Switzerland and shot almost entirely in Derbyshire. Also on display will be the film *Touch Stone*, by Tom Dwyer, commissioned by Wirksworth Festival 2022.

Through her exceptional multi media practice, Liane explores the consequences of industry in the widest sense of activity and industriousness. Through found objects and materials that hold complex narratives and relationships she creates work that is beautifully evocative and generates instinctive human reactions.

The project includes sculpture, photography, drawing and print, using found objects and materials like lead, stone and relics of industrial and farming machinery.

Liane Lang would like to thank:

St Mary's Church Wirksworth, Lowes Marble and Granite Middleton, Thompson Tree Services Midlands, Bramley Studios London, AN Information Company, Jenny and Gabs Babenko, Cathy and John Brown, Chris Armstrong, Kate Bellis, Chris Wainwright at Longcliffe Quarries, Jill Ducker, Carol Taylor, John Wheeldon, The Festival Trustees and The Ampersand Foundation

EarthBound

The story of connected life through rock, earth and community

on 10th & 11th September

at 10:00 - 16:00

Porter Lane, Wirksworth DE4 4LS

EarthBound takes us through hidden layer worlds of bedrock and earth, to pull us up into the light to look at our own human story of life on the surface.

It aims to make us pause and think that our future survival may well depend on us having a deeper understanding and respect for the incredible life, micro-organisms and

fungal networks that hold our planet in balance.

EarthBound will hopefully make us think a little more about the hidden story written in our rocks and the earth under our feet, the life there now and in the layered history of rock and earth and how we are all connected to this continuing story.

at The Town Hall DE4 4EU

TOWN
HALL
EVENTS
WIRKSWORTH

Through the voices, wildlife, and atmospheres of this strange and beautiful region, Mark Gwynne Jones shared the unheard stories of the Peak District. A show combining live performance, archive recordings, film, and humorous observations.

This show will be a special launch event of the stories and encounters of Mark's critically acclaimed series Voices from the Peak - Vols 1-3.

Six years in the making CONTINUUM explores motherhood through song with five women: from the first announcement of pregnancy to the joy of a grandmother watching the lives of her grandchildren unfurl. These songs are framed by other stories of women from the past, present and towards the future. They are intimate songs: spacious and sparsely instrumented, using light and shadow to illuminate each unique story.

He revisited the poem in various possible settings determined to place it within a grand symphony he finally placed it with the 9th Symphony.

The Sound at the end of the Tunnel

An environmental soundart performance

by Paddy & Robbie Fitton-Jones, Gwilym Jones & Salamanda Tandem

on Sunday 18th at 13:00, 15:00 & 18:00

at Middle Peak Quarry Tunnel

The footpath to the Tunnel is at the junction of The Dale and Greenhill DE44EJ

This soundart performance invites audiences into a unique, disused quarry tunnel offering up a fascinating discovery in environmental sound.

Set on the outer fringes of Wirksworth, *The Sound at the End of the Tunnel* is literally that: the discovery of an ancient acoustic phenomena, brought to light by Wirksworth brothers guitarist Paddy and sound boy Robbie with Gwilym Jones - sound synthesis.

NB: this event is in a quarry area, with a 10 min walk up a steep hill from the Marketplace and a footpath with uneven ground.

Look out for Harpo Art's vibrant new art piece inside the tunnel. Supported by the Festival, the design is inspired by the history of the land and its flora and fauna. Harpo Art is still raising money to complete the whole tunnel. Please follow the link to support this fantastic project: <https://www.gofundme.com/f/from-rust-to-buff>

Free Event:

To experience the event walk up and collect a set of headphones at the event site. Each performance will last 35 to 45 minutes.
